

Tshepo Modise-Harvey

COACH PROFILE

SHORT BIOGRAPHY

Tshepo is a PCC (ICF) credentialed Coach, a team coaching certified foundation coach and an iEQ9 accredited practitioner. She is also a Director and Partner at the Ontological Coaching Company (ONTCO). Tshepo enjoys working with individuals and teams and provides a safe, non-judgmental space which facilitates deep exploration. She is passionate about helping her clients make shifts in their awareness and cultivate a more resourceful way of being (a dynamic interrelationship between three areas of human existence - language, emotions and body). With an increased awareness and discernment, clients are better able to be self-directed, lead, take action, relate and collaborate with others, in both their personal and professional lives.

Tshepo believes making a difference and giving back to society, and volunteers her time, skills and resources to various NGO organisations focusing on life and business skills development, hunger alleviation, youth and women development.

She is a Board Member of Food Forward SA and has previously served as Chairman and Vice Chairman of Homestead Project for Street Children Project from 2008 until 2017. Tshepo is also a member and participates as a mentor for The Link2Grow organisation.

Tshepo lives in Cape Town with her family and also works remotely. She enjoys travelling and exploring different cultures, cuisines, sights, and scenes. Tshepo has an avid interest in design and the arts. One of her happiest places is in the Zumba Class, which she tries to attend as often as she possibly can.

PROFESSIONAL EXPERIENCE

Prior to transitioning into coaching, Tshepo spent 18 years in Retail Merchandise and Marketing at various blue-chip companies, operating at senior and executive management levels. Her experience in business has provided her with insight into the challenges that leaders, teams and individuals face to achieve business and personal objectives.
